

ANAESTHESIA  
Index, Vol.23, 1968

---

- Accident surgery, problem of full stomach in (Elliott and Sheville), 33
- ADAMS, A. P., MORGAN-HUGHES, J. O. and SYKES, M. K. pH and blood gas analysis: methods of measurement and sources of error using electrode systems. Part 2. Measurement of carbon dioxide tension and acid-base, 47  
— see also NORMAN, J.
- Aerosol therapy during IPPV (Benveniste and Pedersen), 641
- Air embolism, respiratory disturbances in (McComish and Thompson), 259
- ALDRETE, J. A. and BARNES, D. P. 4-Hydroxybutyrate anaesthesia for cardiovascular surgery: a comparison with halothane, 558
- Amniotic fluid embolism during anaesthesia (Holland), 273
- Anaesthesia in difficult situations. 7. Routine preparation and pre-operative medication (Boulton and Cole), 220  
— 8. Special preparation, blood, fluids, electrolytes and drugs (Boulton and Cole), 385  
— 9. Some solutions, new drugs and a conclusion (Boulton and Cole), 597  
— Engelman's disease (Mason and Slee), 250  
—, respiratory complications, physiotherapy in (Wareham), 235  
—, unusual hazards in (Boulton) (letter), 148
- Anaesthetic literature, 136, 290, 461, 693
- Anaesthetics, multiple, in one patient for epidermolysis bullosa dystrophica (Young and Hardwick), 264
- Analgesia, extradural, with bupivacaine (Watt, Ross and Atkinson), 2  
—, local (Goldman) (letter), 147
- ANDERTON, J. M. and HOPTON, D. S. Thiopentone anaphylaxis: a hazard of multiple cystoscopic examinations under general anaesthesia, 90
- Angiography, carotid, anaesthetic technique for (Samuel, Grange and Hawkins), 543
- Arrhythmia during hypothermia controlled by propranolol (Finlay and Dykes), 631
- Arteries, internal mammary, implantation, anaesthesia for, (Viljoen), 515
- Association news, 156, 311, 484, 719
- ATKINSON, R. S. see WATT, M. J.
- BARNES, D. P. see ALDRETE, J. A.
- BARRON, P. T. see JOHNSTONE, M.
- BELBIN, D. J. and KINNELL, J. D. Another unusual foreign body in the mouth, 437
- BENNETT, P. J., COPE, D. H. P. and THOMPSON, R. E. M. Decontamination of anaesthetic equipment. A 'one step' washing machine for processing anaesthetic equipment and tubing, 670
- BENSON, D. W. (ed.). *Clinical anaesthesia - surgical specialties 3/1966* (Review), 151
- BENVENISTE, D. and PEDERSEN, J. E. P. A simple device for aerosol therapy during IPPV, 641
- BIRKHAN, H. J. see HEIFETZ, M. J.
- BLACK, G. W. see MCARDLE, I.
- Blood gas analysis, pH and (Adams, Morgan-Hughes and Sykes), 47  
— transfusion, review (Crocker), 372  
— volume measurement technique, single-tracer, semi-automated (Heath and Vickers) 659  
— warmer, 'Hemokinetitherm', blood changes using (Manners and Mills), 646
- Body temperature see Hyperpyrexia; Hypothermia
